Comments from previous courses:

"Very professional & friendly approach."
"I've found the course extremely inspiring. Before the Course I was thinking of changing jobs and now I feel I want to improve my unit."
"Fantastic – will definitely recommend to colleagues."

ABOUT THIS COURSE

PGES is pleased to offer this short course in Peri Anaesthetic Nursing Care.

2007 is the 13th year of this course, which has lead and continues to lead and support Nurses as Practitioners in the delivery of Anaesthetic Nursing Care.

This program offers an update in providing knowledgeable support to Anaesthetists and the delivery of Nursing Care to Patients.

Over 1000 Nurses have attended this course to further their clinical and practical knowledge in Anaesthetic Nursing Practice.

Quality processes have allowed the program of this course to be continuously updated to ensure the content reflects contemporary knowledge and practice.

The PACU component of this program has been extended to include :

- Management of PACU specific emergencies
- Legal responsibilities of patient management and staffing in PACU

The course is suitable for Registered Nurses in the following areas:

- **Operating Suites**
- **Day Surgery Centres**
- **Endoscopy Units**
- **Imaging Departments**
- **Accident & Emergency Departments**
- **Cath Labs**
- **Laser Centres**
